

The 4th AFC Conference 2011 : Science & Football Medicine

Venue : Times Square, Kuala Lumpur.

Date: 18-20 March 2011

AFC is delighted to host the 4th Asian Conference on Science and Football Medicine. This conference will bring together a wide range of participants (doctors; medical experts; scientists, physiotherapists; sports trainers, etc.) in the field of sports science and medicine. More than 400 of most respected and powerful member delegates will meet at the 4th AFC Conference in Kuala Lumpur in March 18-20, 2011.

This high level gathering of influential practitioners including world renowned expert scientists in the field of sports science and medical community associated with football in general and team physicians in particular, presents unique sponsorship opportunities for companies and organizations with an interest in the future of the sports science and medicine industry.

Best Contact (M) Sdn. Bhd participates in this event in assisting and supporting Hitachi Medical Corporation in introducing High-end Digital Color Ultrasound and Magnetic Resonance Imaging (MRI) scan.
